MANY LEADING MEN

Of the State Are Coming to Wheeling on February 22.

THE HOTEL ACCOMODATIONS

Will Likely Prove Inadequate for the Occasion, But the Bureau of Information Will Provide Accommodations for Thousands-The Linsly Cadets Preparing for the Parade-Company A to Beceive Dewey.

It is assured that many men of prom inence in the state will be in Wheeling on Dewey Day, and the reservations at the McLure, even so far in advance of the celebration, would indicate as much. Suites of rooms have been reserved for the following:

Admiral Dewey and party. Senator N. B. Scott and wife. Senator S. B. Elkins and wife, Hon. A. B. White and wife. Col. C. D. Elliott, Secretary of State W. M. O. Dawson

Warden S. A. Hawk and wife. Hon. B. B. Dovener and wife. Hon. Stuart L. Baker and wife. It will be noted that with the excep

tion of Admiral Dewey the list is made up of West Virginia Republican leaders. This is explained by the fact that the West Virginia Republican state central committee meets in Wheeling the day before Dewey Day.

If the crowd assumes the proportions predicted by some railroad and travel-ing men the hotels will be overflowed, but the proposed bureau of informa-tion, part of the work of which will be the compiling of a hotel and boarding house directory for Wheeling and the surrounding towns, will probably result in all who stay in Wheeling over night being comfortably housed.
Company A, First regiment, West

Virginia national guard, of this city, has applied to the Dewey Day general committee to be assigned to the duty of providing military escort to Admiral Dewey and party on their arrival in the city on the night of Feb. 21, and it is assured that the offer will be ac-cepted with thanks. The company ex-pects to receive uniforms and equipment within a few days, and drilling will be prosecuted vigorously and fre-

LINSLY IS PREPARING.

To make a Great Showing in the Dewey Day Parade.

Recently the Linsly Institute Cadets, headed by a drum and bugle corps, consisting of four drummers and four buglers, marched, while on drill, through several of the principal business streets of the city. The new leggings, ordered for the Dewey Day parade and worn for the first time, attracted considerable attention, while the upright bearing and soldiery appearance of the cadets were favorably commented upon by all. The announcement of the promised

visit of A-imiral Dewey and the proposed celebration were enthusiastically received by the cadets, for naval of-ficers have for the past ten years been in command of the Linsly battalion. Officers and privates, realizing the opportunity thus offered and desiring to demonstrate to Admiral Dewey the value of assigning naval officers to the institute, have been earnest in their efforts to excel on this particular occasion, and the result is already evidenced by the case with which the most difficult military manoeuvres are per-formed. It is certain that the Linsly Cadets will be one of the most attrac-tive features of the parade, and the enviable reputation of the school will in no way suffer while in the hands of the present cadets.

Last night the marks here showed 5 feet and rising, and as the rain is reported general in the upper country, it is assured that there will be a first class boating stage within two or three days. The shore ice will come out on the rise and may prevent the smaller packets from resuming early in week, but it will soon pass out and then navigation will resume all along the

Last night Captain Crockard, of the wharfboat, received a telegram from Commodore Henderson, stating that the packet Queen City, which reached Pittsburgh just before the ice brought navigation to an abrupt cessation, will come out on her regular day this week, leaving Pittsburgh Wednesday after-noon, and clearing Wheeling for Cincinnati on Thursday at 8 a. m.

No word has been received from the managers of the local packets and it is supposed they will not resume before the middle of the week.

SAN FRANCISCO, Cal., Feb. 4.-Arthur Sewall, of Bath, Me., late Democratic candidate for vice president, is among the passengers on the Australia, who have been released from quarantine. Mr. Sewall has returned from a visit to Honolulu, where he spent a month with his son, Harold M. Sewali, special agent of the United States in Hawall.

"I have always favored the acquisi-tion of the Philippines after the Paris treaty," said Mr. Sewall to-day. "The United States should stand with the administration in all that is being done to hold the Philippines; they are worth retaining.

"Mr. McKinley will be re-nominated and re-elected. Mr. Bryan, too, will be re-nominated, but I fear that he cannot win the goal. The fact is, the country has been too prosperous to warrant any

take up reform measures when times are as good as they are at present. No, am not a candidate for the vice pres idency again. I believe it is poor policy on the part of the Democracy to select any candidate from the east, where no electoral votes may be expected, and, moreover, I am not ambitious to make the race again. If the Democrats call upon me again, however, I could not refuse to do my duty."
